Instructions for PingPong (2/2)

- Help me improve the course by suggesting new/better assignment/questions: Click on Discussion in the left menu and write in the 'Assignment 1' forum.

- Start new discussions and FAQ, as you like. Do not reveal direct answers to other students, but you can help eachother learn. By keeping the discussions open at PingPong, all course participants get the same (written) information.

- Make sure that you read any e-mail forwarded from PingPong (redirect the Chalmers mail if you want to).
